

For Immediate Release

THE NEXT GENERATION OF FIREPLACE DESIGN

The remarkable towering flame complements the stylish river rocks, setting off the stunning, stainless steel surround.

GD82 Tureen™ Direct Vent Gas Fireplace

ENGINEERED ELEGANCE

WOLF STEEL LTD., Barrie, ON

The Tureen™ gas fireplace has such a unique design, it is certain to attract attention in any room. The modern styling features a contemporary ceramic bowl, complemented with stylish river rocks, exuding a unique fireplace experience.

The electronic ignition is accompanied by the convenience of a digital thermostatic hand-held remote, adjusting the flame height, temperature control and the exclusive Napoleon® Night Light™ (which creates an exquisite glow within the firebox even when the fireplace is not on). This exceptional fireplace has been designed to meet the demands of today's modern lifestyle and bridges the gap between ultra modern and North American elegance.

The design collection of interchangeable facings (including the stunning stainless steel surround and hearth pad) allows you to express yourself to your individual tastes and create a space of absolute luxury.

- Up 26,000 BTU's
- Double fired ceramic bowl, complemented with stylish refractory river rocks
- The remarkable towering flame is created by the Tureen's unique heavy gauge Medallion™ burner system
- Concave polished satin chrome reflective panel
- Economical electronic ignition
- Digital thermostatic hand-held remote
- Exclusive Night Light™ creates an exquisite glow within the firebox even when the fireplace is off
- Controls are hidden from view but easily accessible
- Optional stainless steel surround & hearth pad
- Design collection of interchangeable facings allow expression of individual taste and absolute luxury
